Oberon NSW Pty Ltd

RABQSA ref: 006142

Contact Person: John Mason
Telephone: 0298949597
Fax: 0298949581
Email: john@quality.com.au
Website: www.quality.com.au

Profile:

Oberon Management Systems' core business is to act as the quality system manager / coordinator for medium size companies. We have been operating in this field for the past 12 years. We are certified to ISO 9001. Other risk management systems we consult in are food safety, environment, health and safety. Our other services include assessment and performance development of your sales team and / or management team through peer evaluation and tailored development programs to suit your company goals and objectives. We can also help you achieve the NSW Premium Discount Scheme, where a company such as could receive up to \$70,000 or 30% (which ever is smaller) off your workers compensation premiums.

Sustainability Performance

RABQSA ref: 020199

Contact Person: Flavio Coelho

Mobile: 0421757290

Email: f.coelho@bigpond.com

Profile of services:

- Management Systems Integration and Auditing (Environment, Quality, WH&S, etc).
- Organisations' and Supply Chains' Sustainability (Social, Economic and Environmental).
- Performance Evaluation and Improvement.
- Environmental Engineering, Technology and Management.
- Business Management, Research and Training.

New knowledge offered:

- New model for performance evaluation for individual organisations and supply chains according sustainable principles called "Sustainability Performance Evaluation Management Systems (SPEMS)". The model has been considered benchmarking knowledge in the area by Boyne Smelters. The SPEMS works as an integration tool (enhance partnership) for participants within a supply chain and common language about sustainability performance among those participants.
- Users of the new methodology and knowledge: Boyne Smelters (Comalco / Rio Tinto), Collex, Cleanway, Central Queensland University, Port Curtis Waterwatch, Boyne Island Environmental Education Centre)

Professional background:

- With over fifteen years engineering, management, auditing and consulting experience, I have been fortunate enough to hold many senior positions, both in Australia and overseas, ranging from Director, Manager and Chief Engineer to Consultant and Systems Auditor – Companies: Industrial Engineering; Industrial Federation (body formed by 80,000 industries); Grandma's Cheese Australia; Magnesita; Almeida Guerra Engineering; etc).
- I received a special commendation as a 'Professional Manager' at the Gladstone Region – 2004 Management Excellence Award from the Australian Institute of Management (AIM) because of the creation of SPEMS for supply chains.
- Workplace Health and Safety Officer (ID 00315778) at the Division of Workplace Health and Safety of Queensland.
